Electro-Mechanical Contracting

# **CANON INTERNATIONAL ELECTRO-MECHANICAL CONTRACTING**

**PROFILE AND PRE QUALIFICATION DOCUMENT**

# GENERAL INFORMATION

**Canon Mission International** is a Mechanical, Electrical and Plumbing contracting company established in UAE since 2011 under **UMCS**.

The company name changed to **Canon Mission International** in 2021 specializing in electro-mechanical, systems & networks, utilities and equipment as well as construction, supply and apply, installation and service upgrade.

Our scope covers engineering, documentation, approval submittal, shop drawings, coordinating drawings, test and commissioning, contract programs, project time schedules; complying consultant specifications, international standards & codes, safety & quality plans.

Our Business activity extends to cover all areas of electro-mechanical works.

## *Our Vision*

We aim to be one of the leading MEP contractors in the GCC area by focusing on timely implementation of our projects and meeting expectations and requirements of our customers at the highest possible level.

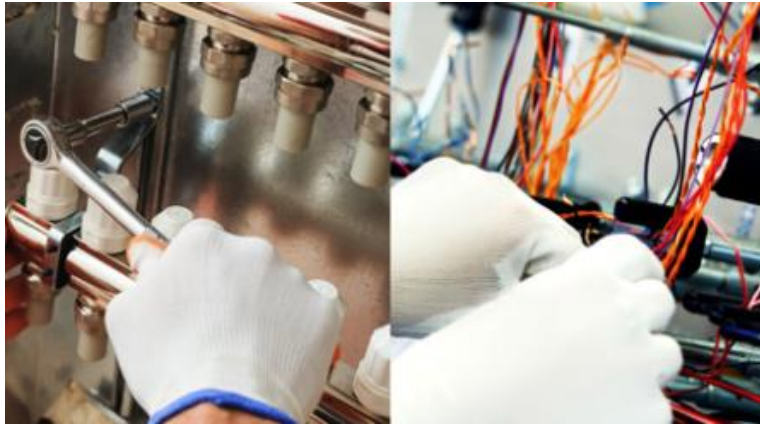

## *Our Mission*

We strongly believe that success is based on pro-active and dedicated team work in a professional and ethical environment that leads to creative solutions and fully deserved rewards. We do focus on safety, quality, detailed approach and above all, diligent handling of budgetary in order to maintain high standards at all levels of our activities, especially in dealing with employees, suppliers, subcontractors, and clients.

# INTRODUCTION

**Canon Mission International** MEP works with the highest efficiency and in accordance with the latest technologies in conformity with international standards of quality, security and safety. We utilize trained and experienced staff for the implementation and delivery of projects with commitment to contract terms, conditions, and preservation to the environment.

**Canon Mission International** MEP has specialized departments and each department is divided to cover different types and styles of property, plants, buildings and constructions.

The divisions are based on distinctive features as follow:

- To execute all projects in accordance with technical and financial strategies to fit the distinctive character of specific project.
- To achieve the maximum benefit for our customers.

# OUR SERVICES & SOLUTION

Sincerity and integrity are key pillars for our company. We therefore aim to deliver all our projects efficiently and to meet all expectations and requirements of our customers at the highest possible level.

# MEP CONTRACTING & MANAGEMENT

## GENERAL

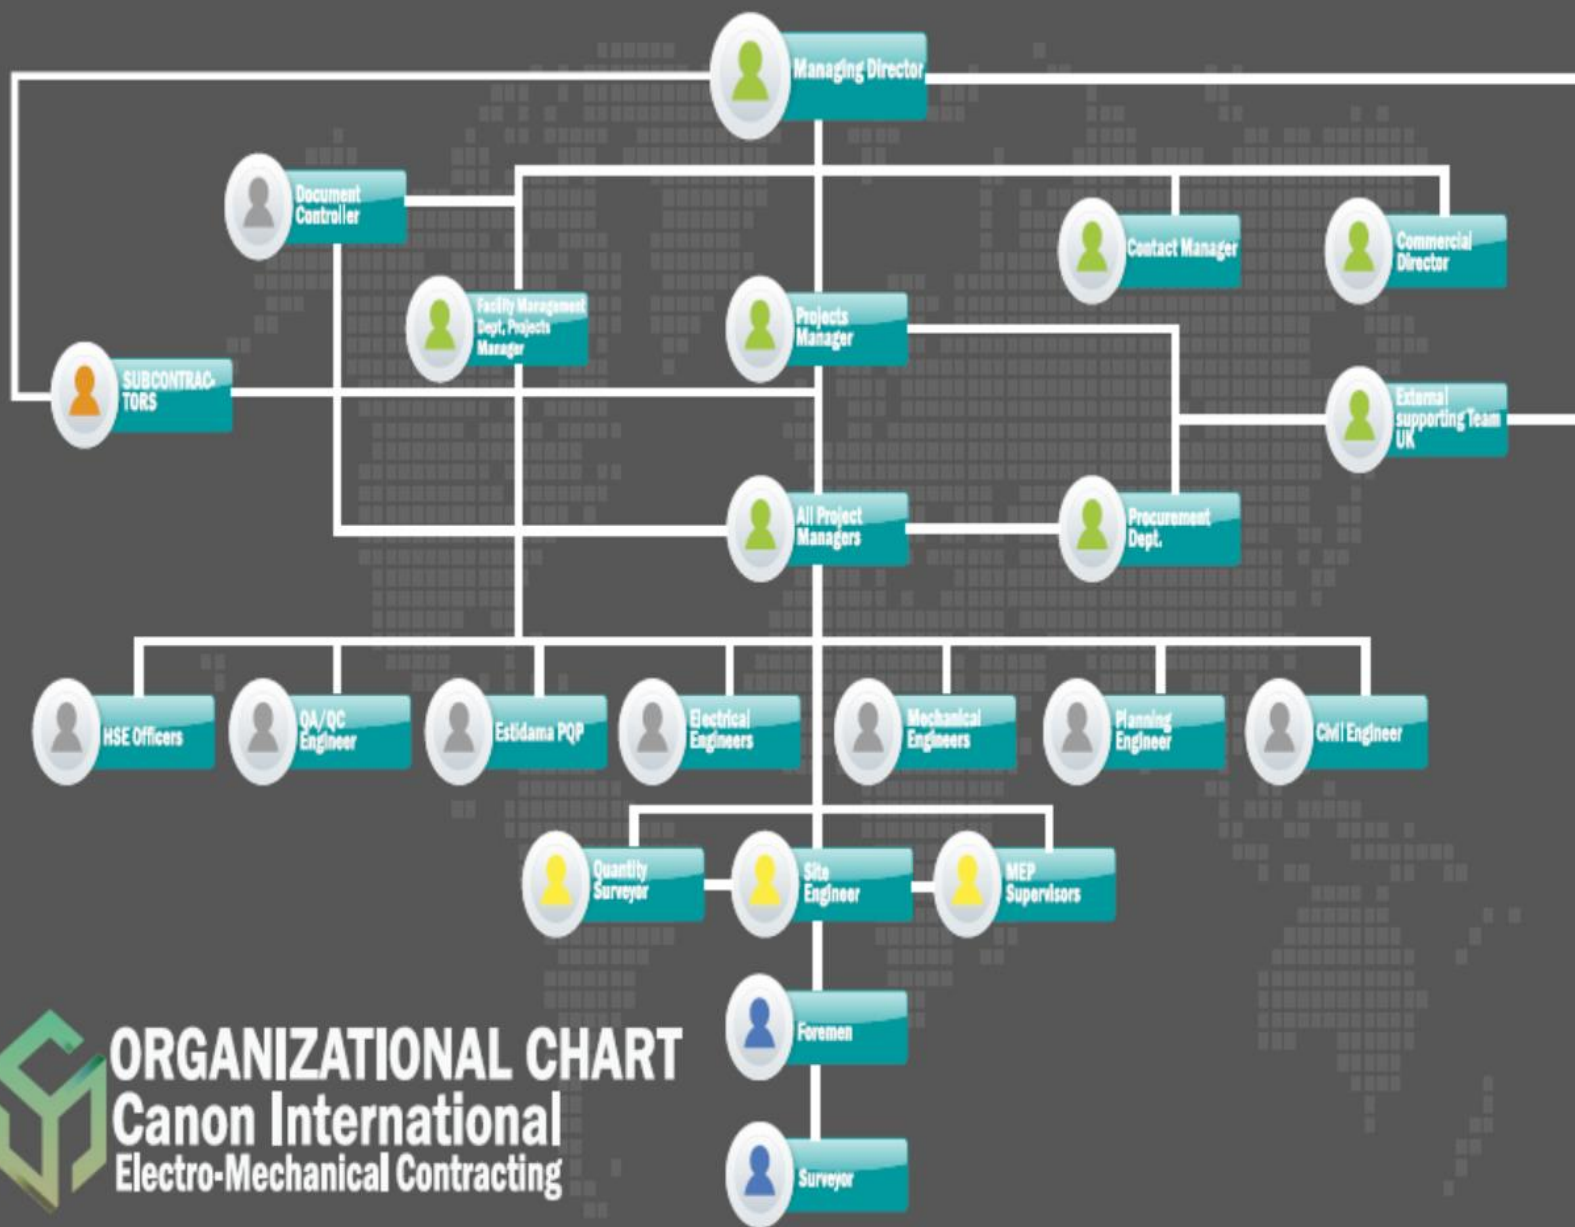

(1.1) It is essential that services and systems are provided to conform to the requirements of the customer, and that the activities be effected as economically as practical.

(1.2) The achievement of these objectives is facilitated by setting up working procedures and practices, which collectively provide a "Work Efficient", yet controlled operating environment.

(1.3) It is the purpose of this quality plan to give instruction to Personnel, on the implementation of the company system such that the above objectives are accomplished.

(1.4) Documentation specific to the project will be provided to ensure full compliance with the particular requirements of the contract.
